

neuewise — fonts for new music notation

SET 1 — THE BASICS

Notes

Pitches

Articulations

Designed to respond to the diverse needs of New Music notation, the **neuewise** font family enhances the look of any score. The **Notes**, **Articulations** and **Pitches** fonts contain the standard characters needed for New Music, with a unified and elegant design – no more font mix-and-matching! – but can also add a touch of modern elegance to Classical music scores.

All **neuewise** fonts can be used in any notation software programme that allows the user to choose and define their preferences for font use.

neuewise fonts are designed by jef chippewa
Version 1.002 was released in January 2016
